

St. Columba's Episcopal Church Big Bear

A series of testimonials
from our congregation.

Hi. My name is Jayme Nordine and I am a grateful member of St Columba's Episcopal Church. I returned to the Episcopal Church after relying on my own philosophies for far too many years. I felt as

though something in my heart was missing. Well, I found it! At St Columba's Episcopal Church. The members of this congregation made me feel like I was home with my new Church family. I found the people at St Columba were kind and caring good people.

On Sundays, as I listen to Father Stuart Swann, it's like he's talking just to me. Whatever the lesson is for that day. I know it will touch my heart and help me to be a better person.

So, if you're in need of a hug, visit us at St Columba on Sunday at 10am. - By Jayme Nordine
